

Shipping Policy

Delivery timelines, costs, and shipment terms for all orders placed through our store.

Document ID: SHIP-POL-001	Effective: January 1, 2026	Version: 2.1
---------------------------	----------------------------	--------------

1. Order Processing

Orders placed before 1:00 PM local time on a business day are typically processed and handed to the carrier the same day. Orders placed after this cutoff, or on weekends and holidays, are processed the next business day. Processing time is separate from transit time and applies before your shipping method's delivery window begins.

2. Shipping Methods and Costs

Method	Estimated Delivery	Cost
Standard Shipping	3–5 business days	Free on orders \$50+; \$5.99 under \$50
Express Shipping	1–2 business days	\$14.99 flat rate
Same-Day Delivery	Same day (select metro areas)	\$19.99, order by 12:00 PM local time
International Standard	7–14 business days	Calculated at checkout by destination

Members of either brand's free loyalty program — Nike Membership or adiClub — receive free standard shipping on eligible orders from that brand's product line, regardless of order total, when signed in at checkout. See the Membership Policy for details.

3. Order Tracking

A tracking link is emailed as soon as a shipping label is created, and tracking is also available from the Order History section of your account. Tracking updates can take up to 24 hours to reflect the first scan after a label is generated.

4. International Shipping

- We currently ship to over 40 countries outside the United States.
- International orders may be subject to customs duties, import taxes, and brokerage fees charged by the destination country; these are the responsibility of the recipient and are not included in the item price or shipping cost shown at checkout.
- Delivery estimates for international orders are approximate and can be affected by customs processing beyond our control.
- Some limited-edition or regionally exclusive footwear may not be eligible for international shipment.

5. Delivery Issues

- **Delayed package:** If tracking shows no movement for more than 3 business days past the estimated delivery date, contact support with your order number so we can open a trace with the carrier.
- **Marked delivered but not received:** Check with household members, neighbors, and building management first. If the package still cannot be located, report it within 48 hours of the delivery scan so we can file a carrier claim.
- **Refused or undeliverable packages:** These are returned to our warehouse automatically. Once received, the order is refunded minus any non-refundable shipping charges.

6. Split and Multiple Shipments

Orders containing items fulfilled from different warehouses may arrive in separate packages, each with its own tracking number, at no additional cost to you. Orders placed separately — even on the same day — cannot be combined into a single shipment.

This Shipping Policy governs store-level fulfillment and delivery operations and applies uniformly to Nike and adidas products sold through this store. It should be read alongside the Return Policy, Exchange Policy, and Membership Policy. We reserve the right to update shipping costs and delivery estimates at any time; the version in effect at the time an order is placed applies to that order.
